

Two amazing days for ARphymedes Plus at the Final Conference

We are thrilled to share a remarkable milestone in the ARphymedes Plus journey - the successful conclusion of our Two-Day Final Project Conference! This extraordinary event, held in Trnava, Slovakia, at the University of Ss Cyril and Methodius, marked the culmination of our collaborative efforts to make physics education accessible to students with special educational needs.

Highlights of the Final Conference

Dates: September 25-26, 2023

Day 1 (On-Site): On September 25, 2023, we gathered on-site at the premises of our project coordinator, the University of Ss Cyril and Methodius in Trnava. The event saw the participation of over 80 enthusiastic attendees from neighboring European countries.

Day 2 (Online): On September 26, 2023, we continued our journey virtually, with more than 60 online participants joining us from various European countries.

Our collaborative efforts in the ARphymedes Plus project brought together experts from four countries and six institutions. At the conference, each consortium member shared their invaluable contributions to the project.

Key Takeaways from the Conference

We had the privilege of presenting our meticulously crafted individual tools designed for teaching Physics to students with special educational needs.

The conference served as the grand stage for unveiling the project deliverables:

- An online book tailored for students with special educational needs.
- An application enriched with augmented reality modules.
- The project website, which will be a valuable resource for the education community.
- An open-online course designed to train teachers, complete with the opportunity to earn a certification.

The Path Forward

The conference fostered an enlightening discussion about the critical need to prepare, create, and implement engaging, motivating materials for creative learning and teaching. Our commitment to addressing diverse topics remains steadfast as we look to the future.

The success of the Two-Day Final Conference is a testament to the dedication and passion of everyone involved in ARphymedes Plus. Together, we are making a profound impact on the world of education.

P.S. For more information, please visit our website to explore our resources and achievements.

Stay tuned for more exciting updates as we continue our journey of promoting inclusive and immersive physics education.
